EXPERIENCE **2ND GRADE TEACHER, GRANNEMANN ELEMENTARY**

July 2019-Present

As a first year teacher in an urban school setting, I was able to add many tools to my tool belt when it came to classroom management. I was challenged to use different strategies to discover what worked for my students. I maintained contact with families daily and weekly. I attended many professional development meetings with my mentor, Professional Learning Community meetings with my administrators, and Curriculum Planning meetings with Literacy Link each week. I worked well with my fellow second grade teammate throughout the school year and other employees as well.

TODDLER TEACHER, KINDERCARE

August 2018-August 2019

As an early childhood educator, I was responsible for teaching curriculum throughout the year. My classroom was highly praised for the way the children's work was displayed and how much the toddlers were learning. I was also responsible for maintaining contact with families day to day. I volunteered to be a part of the group that created portfolios to get the center's accreditation back and they achieved this during the Summer of 2019.
